Gen Classificals.com

The Stingray X Clone is here! Made of beautiful Copper and 304 Stainless Steel, this mod will look good with many atomizers out there! It has 3 different tube sections to fit your 18650, 18490, 18350 battery. The pin on top is a floating pin to make your atomizer sit flush. The pins are silver coated copper for minimum voltage drop. It features a magnetic switch which you can adjust for different levels of throw. This is a clone you NEED to have in your!
