Hi I'm rehoming my two Netherland Dwarf rabbits. They are both bucks. They are very friendly and have never bit. They are sweethearts. I will separate them. They are not litter trained but I'm sure you could teach them. They would make great 4-H projects. They are good with kids. They are brothers and are about 7 months old. I am asking \$25 each or \$40 for both. Email if you have any questions. Thanks for!!
