I am an attractive, clean and well educated 27 year old male with a good and stable job. I have a foot fetish and I love smelling women's dirty feet, socks, nylons and this is exactly what I'd like to hire you for. I would like to pay you to smell your feet/socks for an hour. It can be at any place of your choice (car in a public outdoor parking lot, public or private place) There will be no nudity or any other contact and you can get a foot massage out of it if you wish. Your safety and comfort are a priority. Also I would prefer to meet up at a cafe first just to make sure we are both comfortable.

I would prefer to do this after a long day at work in your shoes or after a workout (i.e. the smellier the better). Can be ongoing or a one time thing.

Please reply with a pic (if you don't want then please include a pic of your bare feet or in socks whichever you prefer). Only replies with pics will be considered. Also no one liners
