Our production company is looking for a height/weight proportionate, tattoo-free female model for a recurring, paid, behind-the-scenes beauty series. The position will entail regularly scheduled shoots--think every other week or so--and compensation will be an estimated \$700-\$1,200 per month.

The project is very female-friendly; it is being financed by and run by females. The photography and videography will also be of a very high quality.

The idea behind the project is to highlight one model's look in a new and unique fashion, complete with photo shoots and behind-the-scenes video featurettes that detail the life style facing up-and-coming models in the industry as well as some of the day-to-day challenges to working in the fashion world

The project will require a certain amount of nudity and, obviously, a comfort level with that. We are quick to say that the intent of the project is not in any way to degrade the model. Quite the contrary, the project is specifically designed to promote one model's beauty and look. As such, there won't be any elements of bondage, fetish or pictures involving over sized lollipops or caution tape.

If you're interested in the concept, please message us. We will then schedule a paid test shoot to see how you interact with the camera. You are free to bring an escort to the test shoot too, should you so desire. Don't hesitate to contact us with any questions you might have either. We look forward to hearing from!
