

12 yo Harlequin Macaw (So Maine)

Location **Maine**
<https://www.genclassifieds.com/x-315728-z>

Due to medical conditions we need to re home our 12 year old Harlequin Macaw. He can be very loud and requires a lot of attention (which we cannot afford him). He does prefer to be a one person bird but after time he will trust true bird lovers. Must go to someone that has bird experience!!! He has a large vocabulary, loves to cuddle and lay on his back, loves being outside in the warm weather, and loves to shower or just take baths.

His cage must go with him and it includes a couple perches and dishes. 5' tall, 4' wide, and 3' deep. Rehoming due to owners medical conditions. Bird is very healthy but has never flown, we don't clip his wings but he just never learned to fly (not sure why)

We would like \$500 for his cage and it includes a small rehoming fee just to make sure he goes to a good home. Please have large bird experience and we will not give him away. Serious inquiries
