Hi,
 I'm a Bridal Makeup Artist with my own business. I'm starting to get more inquires for hair and makeup . I'm looking for a talented hairstylist to work with me on weddings and be able to do hair trials. This obviously would only be as needed but I'm hoping the more weddings we do together the more work we will get in the future. You would get \$50 per person for an updo, and \$50 per person for a blow out. For the hair trial you would get \$65. That will be the money you get. So if I book a wedding for the both of us and it's 5 people for updo's you would get \$250. I only collect cash on the day of the wedding so you would have cash in hand! Also, for weddings an hour or more away from Philly you would get a travel fee.
 It is very important that only serious people apply! I need someone that is 100% reliable and when you say you are available for a wedding or a trial you stay committed to that. I need a person that is free on weekends. If you have your own business that is fine, just stay committed to me if I need you.....I'm not interested in working with people that leave me high and dry. That's not the way I work, so I expect to be treated in the same manner.
 I just need someone that has a great personality, is fast (45 minutes or less) and is great at bridal hair! Please don't contact if it takes you more than 45 minutes for an updo. 45 minutes is the absolute maximum, if you can do less that is ideally what I'm looking for.
 Looking forward to hearing from you, please send some examples of your work attached in the email.
