Hello I am looking for some local actors to work on a student film. I have to create a short film for my senior thesis in order to graduate and need some help. I attend the University of Wisconsin Milwaukee.

The roles I am looking for are:

1. Male, age (20-30)
2. Male age (35-50)
3. Female age (30-50)

Feel free to send me some demo-reels or headshots and I can get back to you with a script and we can meet up and read lines.

I plan to shoot this mid to late April.

The film is a thriller about a young man returning to a town and discovering some strange things are happening there.

Please respond for more information.
