

Happy go lucky Stacey (Rutland)

Location **Vermont**
<https://www.genclassifieds.com/x-317109-z>

Stacey is a brindle-beauty with a striking white ascot on her neck and chest. Her soft kind eyes mirror her affectionate demeanor. While her large erect ears playfully tilt forward confirming that Stacey is always up for a game of ball. Stacey also enjoys daily exercise with her foster pack that includes a lot of run-about play outdoors. Stacey is naturally quiet unless she is engaged in play with the pack. Stacey walks pretty well on leash, but, she has not had much opportunity to practice due to the extreme cold. Stacey's chores include checking in on the goats and chickens. She is also fine with cats. Being the good farmer's helper, she is curious but does not bark or bite at them and listens well. Eager to please, Stacey looks to her human for direction and learns quickly. She knows: Sit, Come and Down. Stacey is doing a fantastic job at learning that she is not the queen of the couch. She only needs to see you point your finger in her direction to be reminded. Stacey would do best with older children. Stacey is house-trained and crate-trained. She is agreeable to being in a crate or gated-room or having free-loom of the house, although free-loom is her preference. Probably the only thing Stacey loves more than playing ball, is going for car rides. And, when temperatures are safe to do so, she can even be briefly left alone in the car without destroying it.

Stacey is a 40 lbs., 2-year-old, female Pibble-mix. She is spayed, vaccinated and micro-chipped. An application with references, a home visit, and and adoption fee are required to adopt Stacey. Reply to this posting for.
