

Free male rex mix rabbit (Napavine)

Location **Washington**
<https://www.genclassifieds.com/x-317572-z>

I have a black and white male rabbit that needs a new home. I think he is a Rex mix? about two years old. he hasn't been held much so does kick a little when you pick him up. He doesn't come with a cage but will send left over food with him. He is free to good home only NOT for food. If you are interested in him please let me know. must find new home ASAP Emails only.
Thank!
