

Female Shih Tzu (Gillett)

Location **Wisconsin**
<https://www.genclassifieds.com/x-317902-z>

Female Shih Tzu puppy, born 12/24/14. Puppy has been vet checked & has no health issues. Puppy series vaccinations have been started. Mom weighs about 8 lbs. & dad weighs about 10 lbs, should mature in that weight range. Puppy snorts due to being small & flat faced. This will be less noticeable as she matures & airways open more -- adds character :) CKC registerable, non-shedding. Very nice, smart puppy. Just beginning potty training. Asking .
