

need Carpenter or Contractor (glen allen)

Location **Virginia**
<https://www.genclassifieds.com/x-317934-z>

Looking to hire a Carpenter or skilled Contractor for a fairly simple job - need to hang interior door slabs. The doors do not have the hinge slots and will need those cut out. Also, the doors will need to be shaved or cut down about a 1/2 inch. So you will need to have a table saw available to cut them straight.
I will pay cash \$20 per door if you can do it this weekend - a total of 8 doors need to be installed. The house is located in Glen Allen near Woodman Rd and 295. Please email with your contact info and let me know when you are available -!!
