Unfortunately I am posting this because I was laid off a few days ago. I have a male albino and female sable mitt needing to rehome. I have had them since they were a few weeks old and they will be 3 this year. They are very loving and playful. They will come with food, water bottle, and a 1 month old Ferret Nation cage. It is a huge cage. There is a rehoming fee of \$200.00.

I really hope they will give you the love and happiness that they have given me, I just feel with me getting laid off I cant provide for them the way they deserve. If you have any questions, please feel free to contact me. Craiglist isnt allowing me to put pics up at this time but I can send some if.
