

Staffordshire Bull Terrier Puppies

Location **Georgia**
<https://www.genclassifieds.com/x-318257-z>

I have 4 Staffordshire Bull Terrier puppies. They are 9 weeks old and ready for a good home. In the first photo below, the only male left is on the far right who is solid white. All others are females. This breed will only get around 40 lbs max. Good with kids and other animals. Mother is white with black spots, and father is gray/blue also pictured below. Puppies come with small bag of food and puppy milk replacement. Re-homing fee of \$200.
