

## **Gardener**

Location **California** https://www.genclassifieds.com/x-370418-z

Hello,

I am looking for an experienced garden or a motivated novice interested in being part of my crew on a part-time basis. I have a number of projects starting in Jan that I need help with to complete. Job entails, weeding, digging, hauling materials and planting. You must be able to lift 50lb loads of dirt, rocks, etc and be able to listen and learn. Gardener also needs to have their own.
