Interested in adopting an older cat, one out of the kitten stage. Calm personality. No preference on color, or sex...as long as its a gentle loving soul.

I don't mind paying a reasonable re-homing fee, (if you believe it necessary to prove I would be a good home...and you have some food that I can mix into what I will feed the kitty and toys or climbing posts or whatever) but please don't contact me if you are rehoming a cat with no medical history. (That is actually called.)
