I own a Roofing company, I have too much work & need another crew to take on a bunch of the roof jobs I already have locked in. I have plenty of work & jobs continue to keep coming in, to keep u consistently busy for the summer. Must have ur own roofingers tools & transportation. Must be reliable. If there are some tools u might need, I may be able to provide certain items, but I prefer u have ur own nail guns at the least. Laborers needed as well, clean-up crew, heavy lifting & hauling up & down ladders if ur not a shingler, ground cleanup manager.

Looking for experienced, knowledgeable, honest & reliable crew of roofers to add to our business.

Please call or text me if ur interested.
