2015 yz250f full built race ready bike, this bike was built for the 2015 AMA Supercross season but the rider was injured. bike has a total of 3 hours running engine time on it, but the bike has all new fresh Flat Black powder coating so the bike literally looks brand new like its never touched dirt. Heres a parts list of what is put into this bike, wicked fast motor too. ported head, degreed cams, titanium Del West valves, JE piston, Carrillo Rod, Tokyo Mods cam chain adjuster, Transmission work for easier shifting, full Hinson clutch kit, Next components Shifter and skid plate, custom razor sharp footpegs, full custom black and blue DID wheels with RAD mfg hubs, oversize Galfer Tsunami brakes, MB1 rear holeshot linkage, Works Connection front holeshot device, brand new DID chain, new TAG bars and sprockets, X-TRIG adjustable triple clamps, Pro Taper ball bearing alluminum throttle tube, ported throttle body for quicker throttle response, new Yoshimura exhaust system, new Plastics, Graphics, and seat cover, new grips, fresh tires. the bike comes with stock suspension. The amount of money put into this bike is ridiculous and a score for only \$10,000. Also I have a set of WORKS KYB AIR A KIT suspension worth \$10,000 brand new, I bought the stuff brand new and only used it for a few months that i am selling for \$6,000. I will work a good deal to include that in the bike if wanted. contact me at 6 6 1 6 7 4 5 1 4
