I'm selling a Custom made solid maple (steam bent 1/4 " thick one ply maple shell) with Scandanavian burl wood finish, 10 DW Collector series satin lugs, DW truehoop DW mag throw-off and matching 3 position snare butt, hard rock maple batter hoop. Drum sounds great and looks near new. Custom made "Limited Edition" (serial #0001) Animal Drums snare drum (14x5). Made with all genuine DW parts. Batter head shows the only wear and tear on it. \$350 - OBO. Great sounding snare.
