

Lost Dachshund (wiener dog) (Fremont, NE)

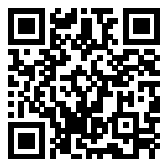

Location **Iowa**

My poor Oliver ran away late last night. I searched all night and all this morning. People have spotted him and tried to catch him, but he wouldn't let them. I've call the Humane Society and they haven't see or heard of him. He was spotted on Nye Avenue, 9th Street, and K street of the Fremont area, if you see him, please let me know by calling/texting

We just moved here two days ago, so I don't think he'll be able to find his own way home. Short haired, Red Dachshund (wiener dog), one year old, barks around strangers. \$\$
