Still missing, our large neutered male cat, mostly white with brown patches. He was wearing a red collar. Kitty has a brown patch of fur above his nose and a small nick on the exterior of his ear and a racoon-like tail. Reward for safe return. We miss out big kitty. Do you know what happened to him or where he is? Missing since 7/14/13. If you have him and he is safe or know what happened to him, please let us know. He was very loved and an important part of our family. Any sightings? We think about him every day. Any information would be greatly appreciated. His fur is longer in the winter. Thank.
