You are looking at an amazing vintage / retro stereo tube amplifier completely refurbished, rebuilt and recapped by Getchell Amplifiers in Brownsburg. The amp is a Westinghouse design, single ended pentode 7591 output tubes, 8 watts/channel (don't let 8 watts fool you... It can rock), 12ax7 input tube, 5U4G rectifier. This beauty sounds fantastic and is ready for your MP3 player, vinyl, cd or whatever you may like. It has new caps, resistors, new 5 way speaker binding posts, repainted chassis, fuse protected, new on/off toggle switch, new gold rca input jacks, new power cord, etc... You will LOVE the warm sound this puts out as well as the crisp highs and dynamic soundstage! Custom built and ready for a new home. Txt is best, pics are of the exact amp. Listen before u buy! This amp is fully warranted by getchell amps. Buy with confidence!

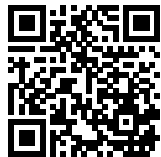

Great affordable tube amp that will rival amps 3 times the cost.
