this home is so much better than a kennel.....we have lots of experience and love to go around. 5 adults here...no small kids to worry about. Our pet friendly home is large and cozy, our totally fenced almost 2 acre property is a great space to run. we sit for mostly dogs and cats but have experience with all types of pets large and small. we offer discounts if u have more than one pet. we generally only care for one families pet or pets at a time so you know they are getting full attention here, call today to book a meet and great. no stay is too short or too long 5054551area code 732 ask for
