Revere Ware is made of 18/6 stainless steel. It is the regular use of the pots and pans and metal pieces of this set may require periodic cleaning with a stainless steel cleaner such as the Copper and Stainless Steel Cleaner.

You can also find metal cleansers at your local Walmart, Lowe's, Home Depot, or local hardware store in their cleaning aisles. Barkeepers Friend is a professional, non-abrasive powder cleanser perfect for cleaning cookpots and materials such as stainless steel, porcelain, fiberglass, glass cooktops, copper, tin, and brass.

HISTORY: I am the original owner and bought them in the mid 1970's and they do last forever. I would like \$500 for the set (over \$2000 in the mid 1970's) but you can make me an offer if you like. This

was the best cookware you could buy for your home when I bought it.
