Sarge is 1 1/2. He is a Shepard mix. Fixed. Up to date on shots. He **MUST BE THE ONLY MALE**. Loves kids! Does well with cats (must watch him at first. He's curious.) will not do well with birds or rodent type pets. Hose broken. (Mostly.) may have accidents if you don't let him out. Sensitive stomach, so watch the table food. He is not leash broken yet. Very intelligent. So you could teach him with patience. He must be gone by Sunday! He has been fighting with my other.
