Very very very tiny studio apartment for sublease until December 1st
 I took this listing Down originally bc I was getting lots of interest but no one serious

 So if your credit is bad or have any problems (evictions or broken leases) this isn't the right place for you.

 Great safe trendy upscale area
 Like I said the apt is tiny. It's one room attached with a kitchen. I make it work out great bc I'm very organized but it's not the easiest.
 I love the apt, my neighbors and my staff that works here
 It has a wall painted black and it will stay like that till December unless you choose to paint over it
 Hardwood floors
 Washer and dryer on site
 \$738 is rent including electricity water trAsh pest so all you would have to pay is if you want Internet or cable
 \$400 deposit
 Cats only and you will have to add this deposit yourself of \$300
