

Cottontail (Springfield)

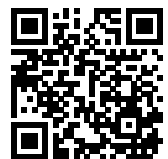

Location **Tennessee**
<https://www.genclassifieds.com/x-374044-z>

After going to the mail box one day this rabbit hopped up to me. I knew it had to be a pet and after farther research I was told by a neighbor that they didn't want it anymore and had put it outside to make it on its own. A rabbit that has been a pet can't make it on its own so essentially this heartless family doomed it to death! I have named the rabbit Cottontail. Approximately two year old male and very friendly! If you would like to give sweet Cottontail a forever home please call , text, or email
