Suck Cloud

by "Cheesy" Dopey Dimestore-Swift
=====

I wrestled to write me a song called "Stuck Cloud"
But who cares 'bout weather when I ain't got crowds?
I have to admit it: I can't help but lose
But I feel much better when pickled in booze;

I'm one clueless clown posting here on Craigs List
Conceited, defeated, and growing more pissed;
I sit in my trailer, 'midst clouds of pot smoke
I'm wishing to win but just can't quit the dope;

Oh yes, I confess, I'm a miserable clown
Rejected by Taylor Swift, I'm beaten down;
Sniv'ling and sobbing and drowning in tears
Counting the bubbles in my stale warm beer;

Wishing and hoping to be on the scene
I'll jump on my clown car, I'll criss-cross the line!
I'll strut like a cock in my leather and shit
Then give her the finger, all stinky and stiff;

I'll go back to Goodwill, get my old gig back
Cuz I'm just a clown, and a lyrical hack;
