I have to dogs I need rehomed, I'm moving to Denver and am unable to take them with me, both are males and fixed, one Sheppard/Rotty mix just turned 3 and the collie mix is 2ish we adopted them both from the pound, both are good with other pets as long as you introduce them correctly and both are kids friendly my 2yr old has been around them and plays in their food and water while they eat so they're not aggressive, they are crate trained and crates will go with them, small rehoming fee to make sure you're serious. Thanks for.
