We will NEVER give out your personal or business information by state/federal law to customers!

Pay is based from prices/ bids placed by the Contractor (Yourself)-- our Company fee is set by our Company's Licensed General Contractor. Typically between 10% - 23 % (\$0-\$1,000 ^) **. All agreed company rates will be deducted prior to issuance of payment. Biding skills are a MUST.

Our company is one of the first to use the method of Freedom-bid. By using this style of bidding allows no complications or issues when contractors assist, confirm and render services to our customers. No low ball problems. Pricing is essential when placing a bid to our customers due to the competitiveness of other lurking companies that can preform the duties with ease.

The rates are noted within the contract CLEAR /legible. All contracts, company assessments, documentation, paper work, etc. MUST be approved and on file prior to start of work.
