We have for sale:

(1-2) *** Black Leather Boots with Flames *** SEE PICTURES *** \$40.00

I don't know much about these boots. My grand-daughter bought them on-line. They are about Women's size 41, and I think they are a wide width. They have hardly any wear. In addition to the flames, there is zipper teeth around the top edge of the toe.

There is no information on the boots except a silver flower looking stamp on the inside edge of the boots and a flower looking mark as part of the sole.

Made in Portugal, Women's size 41, These shoes are great for anyone that is on their feet all day.
