Naomi is a beautiful long hair orange tiger (tabby) cat who has a very sweet personality. She is a little shy at first but warms up very quickly. Naomi loves to lay beside you while you are on the computer or snuggle up to you while you are watching a movie. She could more than likely be a good family cat if give the time and patience. She has some very playful moments as well and enjoys pouncing on her friends and playing with the round-a-bout toys. She loves being petted and will purr up a storm after a few minutes once she feels more comfortable with you. She is adorable when she does happy paws and sometimes will stand on her hind legs to beg.
