I found a deceased cat on the side of the road near the on ramp of 35W north, off of 46th street. He/she was tabby and white. No collar, and I couldn't tell if he/she was male/female or declawed. I took a picture but will not post it here. If this is your cat and you would like me to send the picture, I can. I am so sorry if this is your. :(
