My wife & I have had enough of the bullshit and have to believe that there are others who also see what the heck is going on.

95% of media controlled by the elite with agendas that are biased and spun to fit the creation of a "New World Order".

9/11 was a farce to take away more of our liberties! As well as many other manipulations.

Aliens DO exist and have been here for centuries (if not millennia).

There is a universal pattern in life and energy surrounding everyone & everything.

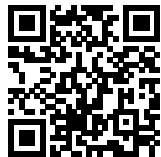

These are just a few of our beliefs and always happy to intelligently discuss many others.

If you've had enough of the "news" we are being "fed" and want to share in your ideas for a remedy, drop us a line. There has got to be a better way!
