Warm, cozy and beautiful vacation cottage. Enjoy being near the ocean, the feeling of being in a cottage out in the countryside and yet you are right in town. From here it's a short walk to the harbor, marina, stores, restaurants, golf course and shuttle bus stop. Enjoy hiking trails, bicycling, fishing, kayaking, golf, swimming and picnicing along our rocky granite shoreline. Experience a little bit of life in the slow lane and treat yourself to some real downeast treasures.

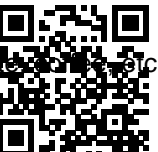

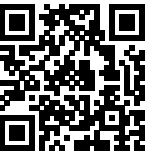

Although the park is flat out gorgeous and there's no denying that. There's more to the area than just the park. Less commercialized than the big tourist hotspots we still have allot to offer visitors. Especially those guests who desire a more relaxed, less crowded atmosphere. But even those desiring days of crowds, shopping and non stop activities can have the needs easily met here. That's one of the beauties of a vacation or living here.
