Location **Nebraska**

Jason is a 13 year old fighting for his life. He was diagnosed with brain tumors at age 2. He is blind and requires 24 hour care. This mom is a single parent, with no insurance and trying to keep her son home at his request. Although my family is unrelated, we know this family is deserving of help. For a \$20.00 donation to go fund me.com in Jason Coffins name I'll send you a beautiful handcrafted horseshoe art.
