I need someone to take over my lease. It goes through the end of July. Rent runs 575 dollars a month and it includes water, and garbage. Electricity and cable/internet is separate and it has electric heat. It's a two bedroom one bathroom apartment in South Fargo. There is assigned parking and laundry rooms on each floor. If you are interested in a garage you will have to talk with the leasing office to rent one. The cabinet in the dining room photo does not come with the place, that is the only item I have left to remove. I cleaned it and it is otherwise ready to move into. Please text or call me if you have any questions. It is owned by Goldmark and you will probably have to go through the check in order to take over my.
