Let us bring the party fun to your backyard with our unique painless paintball games, be one of the first to have Your Own Backyard Paintball Party and make some unforgettable memories for you and the kids.

If you're in the Dallas/Fort Worth area we bring the paintball party fun to you day or night. This is not regular paintball, our markers are light weight, spring loaded and fire smaller paintballs at about half the speed as regular paintball, and you can actually watch the paintball go through the air and splat on your target. At point blank range a direct hit to your bare skin feels much like the sting from being flicked with a small rubber band. Our customized markers come with a SWAT style laser sight. The markers have about a 100 foot range and are accurate up to about 40 feet making them a lot of fun. Not just for kids adults have a blast as well; sometimes our toughest job is getting the marker back from dad.

The markers have a 15 round magazine capacity and require them to be pumped to reload, this prevents

players from being hit multiple times in succession. We provide and set up everything needed for a truly fun experience. This includes, paintball markers, paintball magazines, paintball masks, paintball goggles, paintball gear, and paintball targets, all of which are not high priced items. The only thing you need to bring is your own paintball gear.

Our paintball games are easy to learn and are suitable for all ages. We also have a variety of paintball markers (which we do before leaving). It is recommended that players wear clothes able to get a little dirty.

A fun experience can be had in even a small backyard (50' x 30'). You can also have your party fully customized to suit your needs you can choose which games you do and don't want played.

Tell your friends, and when you are ready to create some great family memories and have the best party fun ever go ahead and book a party with us.
