

AutoCAD Drafting

Location **Utah**
<https://www.genclassifieds.com/x-377655-z>

I have been in business since 2006 and have over 15 years of experience designing and drafting for engineers, developers, architects, contractors, inventors and homeowners. I can create and realistically render 3D models using Sketchup Pro software to improve your presentations and help your prospective client visualize their projects. I also have experience preparing drawings and exhibits for court plus a newly acquired certificate in Photoshop CS6.
