My name is Michael (Mik) Cohen and my company is The Raw Meat Pet Treat Company. We're human grade freeze-dried raw AND we're GMO and pesticide free.

Our emphasis is to be a small, niche, regional company with a hyper-focus on the purity of the food and sustainability. We'll be found in regional/locally owned pet food stores who understand and appreciate the quality of our brand.

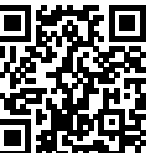

Currently, I'm in the R & D phase, with hopes to launch this Summer, 2015. As I'm bootstrapping this company, my launch date is subject to change.

Proceeds I earn, through real estate sales (mikcohen.com), will be used to launch this company. Looking for an inspired real estate broker ? Call me !!

Please visit us on the web: rawmeatpettreats.com
 You can, also, link up to our facebook and twitter page from our website.

Your pets will LOVE us !!

Don't hesitate to contact me with any questions, comments or suggestions.
