Hi I'm Rob, I am a certified carpet cleaning tech that spends the time to do the job right!

Truck mounted carpet cleaning specials.

\$99.00 for single level homes with no stairs to clean. (up to 1800 sq. ft. houses)

\$149.00. Two story whole house including stairs.(up to 2500 sq. ft. houses)

If you help move the smaller stuff out of the area's to be cleaned, I will put the sofa's, love seats, and chairs on sliders and slide them around the room as I clean. this way I can clean a lot more of the carpet area's where the dust builds up. I won't just go around everything quickly like some guys do. Some items just aren't movable by me. If all the furniture moving is expected to be done by me there is an extra charge. If you are available to help move the furniture there is no extra charge.

All charges listed are for moderately soiled carpets. If the carpets are completely unmaintained like some rentals can get, there may be an extra charge because they can take twice the time and effort to bring them back to life!

Call or text for Quote.

I clean Upholstery also! Couches, love seats, chairs, bar stools

to include an area chair set.
