Travis detailed her up

This bike is a smooth comfortable ride, awesome exhaust. Sounds great. Its 1340cc. Garage kept and properly maintained. Tires are brand new. Transmission is strong through every gear. Clutch is stiff. It is ready to rock. Everything has been tightened fluids changed. Starts easy. Test drives for serious buyers. I'm selling the bike to put the money towards the project I have going on. If you have questions about it text or call me I will tell you anything you want to know. Cash only 6,800 obo don't let the miles scare you. For a Dyna that isn't much.

Trades maybe. 7.3 power stroke 5.9 Cummins preferred. If you have a trade send it my way. Cash obo. Six zero five two two eight two one eight
