My son will be 3 May 23rd. He is potty trained and very independent! Right now I need someone to watch him on Thursdays from 715-845. He goes to bed at 830. I will provide dinner and have drinks and snacks you like. Also other days will be needed but will ask ahead of time. Need someone to grow with him. I don't want just random babysitters. I've never left him with a babysitter before. cpr certified is preferred. first aid is a plus. References.
