Your voice is a musical instrument....lean how to "play" it! Greetings; Patient and dedicated vocal coach accepting a small amount of students. I've taught two Grammy winners(Rick Hahn producer for Celine Deion and Stephen Hodges from Tom Waits band) I have also worked with members of Green Day and Smashing Pumpkins. I don't have website but I have something better...a gig! Come see me perform for yourself where I've been for the last 20 years at the Donetello hotel in downtown San Francisco. The lessons are \$35.00 dollars for one 50 minute lesson or \$100.00 for my 4 lesson package. E-mail for more...
