hello,

looking for a turntablist to DJ for an emcee (me). All the initial songs are finished and on mp3s for you to perform with, however, ideally it would be cool if you're at a level creatively where we would be able to collaborate/write together on future tracks if possible. You should be familiar with turntablism if possible. If not, I can teach you. You at least need to be at a level where you're mixing and scratching.

Bands/groups that i am influenced by: Run DMC, Beastie boys, ICP, Ill Bill, Limp Bizkit, Andy Milonakis, Geto Boys, House of Pain, Xecutioners, Hed PE, etc. You should be a fan of or at least somewhat influenced by all or some of these bands in order to reply to this ad.

Also, I prefer the person responding to this ad to know of (or even just a little bit) at least 5 of the 10 terms listed below. If you don't know anything about at least 5 of the 10 terms listed below, then don't respond to this ad. Just to repeat, if you don't know about at least 5 of the terms below, then please don't respond to this ad. Be sure to mention in your response what you know about the 5 (or more) terms that you do know (I would like to see your interpretation on them :)

1. Friedrich Nietzsche
2. La Cosa Nostra
3. Eric B & Rakim
4. Pantera
5. Richard Wagner
6. Astrotheology
7. Infowars

8. Public Enemy

9. Invisibl Skratch Klaz

10. Liberty of Action

Mostly, I'm only looking for people who could be in the Orlando area, make it within a 15 mile, so only those if you live at least 10 miles or closer words, 10 to 15 miles away would be considered "pushing it". You should be in the Orlando area or Winter Park or outskirts at the very least. You should also have time enough each week to rehearse 3 or 4 times minimum, like to have a busy married life, kids or other things you're always doing that will take into your dedicated band time, then don't bother responding to this ad (I really need someone who is dedicated to their craft and like DJing for an emcee as a possible career). Age range must be 24 to.
