Amazing Bullies coming soon. What is a Bully? It is a new breed official recognized in 1990. They are either French Bulldogs bred with Pit Bulls or English Bulldogs bred with Pit Bulls. They are thicker, stockier, bigger heads and have a calmer temperament. My pups are (English Bulldog/Pit Bull. Both my parents are very healthy with no problems . The male Pit Bull is 12 years old and healthy as ever. (Very old for a Pit Bull)

Puppies are wormed weekly and 1st shot done soon

My Bullies are incredible and have massive heads . Jaw dropping puppies.

Pups are only 3 weeks old. So it will be a few weeks before they are rehomed.
