Aloha Thank You for having a interest in my post.

NEWBIES: I expect you to answer messages promptly, be on time for our shoot and have a passion to make awesome images. Please if you can not handle this gig, do not waist your time or mine!

Enough said so, regardless of your experience level I will treat you as a professional. Please, I expect the same in return. Pro's their is a reason why your a Pro but sorry this is not a Paid Assignments Only and Depends on Assignment gig either. Sorry at this time I just can not afford you right now so unless your willing to do a trade. Lets work together.

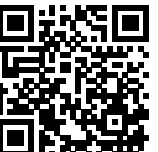

The shoot can either be on location or in my studio. If you are serious about modeling and want great images, I can help. I've been shooting both traditional and intimate images for quite some time. You may have some one with you at all times. **ESCORTS:** Always welcome but, must be preapproved. I only work with women 18 or older. No ID no shoot.

MY COLLABORATION & TRADE POLICY: Every model needs to practice to stay sharp and develop skills. If I like your look or, if you have a cool shoot idea, I would be open to a true trade arrangement - one where you shoot some of my ideas and I shoot some of yours. Don't be shy, it can't hurt to ask. Plus, I'm always looking for models for projects I'm working on. At the present time I'd like to attract more attention to my web site so If your not shy in your own skin, I'd like to do sheer clothing, if your not into this Idea we can go with traditional Fashion Portrait Vanity poses..

TYPES AT THE PRESENT TIME: not ethnicity concern but must be sexy in stature and slim, height and weight proportionate please. We can discuss your wardrobe, jewelry, shoes and IF necessary get clothing if need be, you will need to apply your own make up, theirs is no MUA available.

INCLUDE: Your name , tele or email so I know your for real and truly are wanting to model, a selfies or picture of your most resent look is OK.

Mahalo's For your time...Now please respond and lets make Beautiful Images..
