The police said to me that the Reverend at the church across the street from me told them that he thinks he dumped all the neighborhood cats at lake Lowell and on Simplot road. KING GEORGE was sighted a few days ago on a farm south of Simplot road, near or about Greenleaf. He was seen coming up from the a small creek and eating from the feeders. They said he showed up about a month ago. He disappeared or was trapped and dumped on March 20th. The women said she was 99 percent sure it was him. The farm was on Van Slyke road. I live 414 Joliet.
