OUR BEAUTIFUL CAT NEEDS A NEW FOREVER HOME

Need to find a great home for our beautiful neutered male cat "Hemi". We have owned him since he was a kitten, is currently 2.5 years old. He is a beautiful 17lb maincoon mix, is a friendly, loving, playful, affectionate cat. Is microchipped, UTD, indoor cat, litterbox trained. He gets along well with other cats, kids and dogs. Recently we added a new puppy to our family. Hemi adjusted very well to the puppy, they play and hang out together, however, we have discovered that Hemi has developed some behavioral issues as a result of the dog sharing his space that despite all of our best efforts we cannot fix. He would be very happy being the only cat for a single adult or quiet couple. Too much going on in the house seems to cause him to isolate himself more. For more information about Hemi or if you may be interested in adopting him. Please message or call me.
