Our cleaning process is what we call a "Total Sweep Process." That means we clean creosote from all areas from top to bottom. We even clean the ashes when we are done from your firebox or woodstove making sure its detailed and ready for use. If you want to enjoy a nice fire this winter knowing your chimney is safe to burn call us today!

Chimney Cleaning- Whether it's a fireplace, woodstove, pellet stove or anything in between ;Chimney guys know every detail. Our technicians are professionally trained to carefully and thoroughly clean any type of fire burning instrument. We use fiber glass rods that connect to metal chimney brushes that will really scrub that creosote as well as many other tools to get all the areas we can.
