

Fiberglass TubShower Repair (Woonsocket)

Location **Rhode Island**

Looking for someone who can provide professional fiberglass tub/shower repair. Large holes were made and need to be repaired, I would rather just repair what is existing than replace the fiberglass enclosures. Looking for someone who has experience and has done this before. If possible please send before and after photos and examples of what the price would be for that job. I understand every job is different, but it would aid in helping the decision.
